

CAPITAL COMPUTING SOLUTIONS

The way forward

Until 30th June 2023, a complimentary meeting is made available to your organisation to work out the way forward with Content Manager heading into the future.

This can be data migration, training, sentencing, workflow, CRM, workshops and expansion of Content Manager in general to be a Source Authority for your organisation.

Organisations can be shown and directed to achieve the desired business outcomes, or it can simply be done for you, the choice is yours on how far you want to go.

Contact **Scott Brown** on 0439 153 858 for further information and training/consultancy availability. www.capitalcomputingsolutions.com.au
